V. Informational Items
a. Map of Accreditation for MJC
S. Kincade illustrated MJC's Assessment, Program Review and Resource Allocation cycles and how they interact with ACCJC. She also illustrated a 5-year Program Review process that will align Program Review with the Curriculum/Assessment process and showed how the Program Review data will begin to inform our Resource Allocation Process. Program Review should be used to request large (> $5,000) purchases. It should not be used to request operational items. Requests for faculty hires should come from Academic Senate and Instructional Deans.

The hiring prioritization process was discussed. Prioritized lists will be created at the division, Academic Senate, Instruction Council level. College Council will make the final determination once everyone has spoken. A recommendation for closing the loop on budget will come out of Resource Allocation Council and go to College Council. E. Dambrosio asked if we should use fall 2012 data for Program Review. Susan explained that the process should go through the last completed academic year. Program Review informs the budget; ACCJC is looking for that to happen. There was discussion of how emergencies or unexpected issues will be dealt with between Program Reviews. D. Jamison asked if her Program Review is not up to be done, will her requests have to wait until the year of her Program Review. Susan explained that the current Program Review will be used until the update is due.

Using common verbiage between reports and information contained in the Annual Report to the ACCJC and ARCC data to help write our Accreditation report might be useful. Susan said that many other institutions already do so.

Susan went to ACCJC website http://www.accjc.org/ and pulled up the document Accreditation 2013 and Beyond. She showed the Accreditation Basics link for those new to Accreditation. She also highlighted additional links that will be useful to the council members as they fulfill their duties. She discussed Substantive Change Proposals and when they are required to be filed. She informed the group that the Accreditation Standards will change. We have a NASICI report due.

b. Update of Commission Action
S. Kincade recommended that everyone review the letter from the commission and the letter submitted by Dr. Glenn Roquemore side by side. She will speak with Susan Clifford tomorrow. She will discuss Recommendation 2 and 7 to get a better sense of what they want us to do. She wants to ensure that Susan Clifford knows that we have developed and implemented and our DE Plan and that we offer comparable services for our de students.

c. Communications to the Campus
D. Bolter asked if we want to begin communicating with the campus community through email, forums, etc. S. Kincade offered to host forums between now and the end of March. D. Bolter stated that it would be good to hold the forum and let everyone know what the recommendations were, that we have an action plan, that we have another report due and will have another follow up visit. D. Jamison stated that hearing consistent information and hearing it first hand is helpful. J. Varble stated that he thought it would put folks at ease.
