3. Mission Statement
   Columbia College Council members were provided information resulting from the March 29 District Council meeting, prior to their April 5, 2013 discussion regarding mission statement alignment as it relates to ACCJC’s District Recommendation 2. To frame that discussion, the Council was provided the text of District Recommendation 2, a crosswalk of the three district mission statements, and resulting recommendations from the District Council session. Following discussion by Council members, it was generally agreed, to support adding the statement “Committed to utilizing its resources in responding…” to the YCCD Mission Statement. Further, the Council was in agreement to recommend each college consider the suggestions proposed at the District Council Retreat when revisiting their own mission statements. It was noted that Columbia College is scheduled to revisit its Mission Statement in the coming fall 2013.

4. Master Planning Calendar
   Columbia College Council members were reminded of the Columbia College Master Planning Calendar which lists, in broad strokes, the timeline for review/development of all college planning documents. This calendar was created to facilitate integration of planning documents—placing
documents in order of review/development so as to inform the next document, etc. Further, Raelene Juarez, SLO Workgroup representative, shared the group is codifying a timeline for review of SLOs to respond to the ACCJC recommendation and will include operational dates. Similarly, the ACCJC recommendation 2 response team suggests the annual planning calendar have defined dates. The Council was open to documenting these dates and agreed to have the specifics agendized at a future Columbia College Council meeting.

5. **Retreat Preparation**
Columbia College Council members were provided with a draft agenda for the May 16 College Council Retreat. The main focus of the retreat will be to preview data as it relates to college goals to inform discussion regarding institutional effectiveness. Further, Council members were assured that background information will be sent to them during the week of May 6, so as to allow time for review prior to the planning retreat. Additionally, John Leamy provided a handout for Council members which listed the KIPP Schools 6 questions (listed below). Mr. Leamy suggested that these 6 questions, revised for the college environment, and as they relate to goals and institutional effectiveness, may be at the core of the discussion. He will provide a set of questions for the college environment for consideration at the May Columbia College Council Planning Retreat.

KIPP Schools 6 Questions
- Are we serving the children who need us?
- Are our students staying with us?
- Are KIPP students progressing and achieving academically?
- Are KIPP Alumni climbing the mountain to and through college?
- Are we building a sustainable people model?
- Are we building a sustainable financial model?
