All YCCD full-time employees are required to take this training in the first year of their employment. Because many of you were hired before this training came into being, we provided training in 2008 and 2009, and each year thereafter. The majority of you have attended this training. For those of you who haven’t attended, we have an offering coming up on April 17th 8:00 AM to noon in Journalism 150 on MJC East Campus.

This 4 hour-training includes:

- Standardized Emergency Management System (SEMS)
- National Incident Management System (NIMS)
- Incident Command System (ICS)
- YCCD Comprehensive Emergency Operations Plan (CEOP) Orientation

This training is one-time training and is not to be confused with the 1-hour Annual CEOP training we offer in the fall. That training is an ongoing requirement for all full time employees.

Because space is limited, if you want to attend we need you to let us know so we can reserve a seat for you. Please respond by clicking on the Vote Icon in the Respond tool group above.

FLEX #: # Pending

This training will not be offered again until fall. Leaders, please make every effort to support your new employees by releasing them to attend this training.
Thanks to the folks that got their Annual CEOP “fix” in this morning! You were enjoyable and clearly excited about starting the Fall Semester. Thanks for your attention on some very important topics.

As a full-time employee you are required to receive one hour of CEOP training once a year. If you are a full-time employee, you will want to get one of these trainings on your calendar. Please note that there are lots of different times of day and days of the week in an effort to accommodate as many of you as possible.

Why not get one of these on your calendar today?
