VI. Informational Items

A. **Update on Response to Proposed Standards:**

E. Dambrosio asked S. Kincade if the college had responded to the proposed Standards put forth by ACCJC. S. Kincade said she did not think so. She thought, though, that libraries were going to get standard IIC restored. J. Todd clarified that we discussed this issue at the last Accreditation Council meeting, and it was discussed by Ginny Mae at the State Academic Senate meeting recently as well. E. Dambrosio noted she has not been able to get confirmation from anyone that the changes libraries across the state are seeking will actually be made when the new standards are finalized.

E. Dambrosio reported that the Academic Senate has passed a Resolution regarding the Standards. She said that there is now one institutional response at this point to ACCJC and a number of individual responses from librarians that were forwarded on to ACCJC.

B. **Midterm Report:**

J. Hamilton reported that we are only dealing with the Planning Agendas in this report. She stated that the report will be worked on over the summer.

C. **Accreditation Council Self-Evaluation & 2014/15 Meeting Times:**

S. Kincade reported that the Instruction Council and College Council are currently working on their self-evaluations. She said that College Council had decided that they were going to use a survey as a tool for their self-evaluation. The Accreditation Council discussed different ways to assess and evaluate their effectiveness as a council. The council discussed also using a survey as their tool.
J. Todd suggested that the group only meet when needed or when there is a high demand regarding accreditation matters. He said that some months are more demanding for the council than others. The council agreed. S. Kincade suggested that the Accreditation Council meet twice monthly in August and September (on the second and fourth Thursdays opposite Academic Senate meetings) from 2:30 to 3:30 and then once a month from October 2014 on.

J. Todd suggested that the Accreditation Council should start sending out a monthly message or blurb to people about the Standards or accreditation issues that the Accreditation Council is working on. J. Todd said that we should make our monthly meetings more accreditation goal-oriented and spread the message out to the campus. S. Kincade agreed and said the first round can be getting the communication out about how the Commission changed the particular Standard about the library. S. Kincade said that we can have monthly bullets.

J. Todd said that he looks at the Accreditation Council as an engine that creates dialogue for other councils regarding accreditation. J. Todd said that the Accreditation Council needs to see itself as the one that generates the concern or insight about accreditation. He said that we need to be a goal-generating council. He said that we can be ahead of the game, rather than behind. S. Kincade agreed and said that part of it is communicating out. She said that people will be looking to the Accreditation Council for the latest information on the new Standards/policies or anything that comes down from the Commission. She said we also need to educate ourselves on other people’s best practices and accreditation efforts as well as the ACCJC website/newsletters. S. Kincade said that she will start to share the newsletters with the Accreditation Council.

**Action Item:**

S. Kincade will email the Council the link to the ACCJC newsletter.
