Acrylic Painting Art Materials List  
Professor Linda Salmon, MFA

**Paints**
- Titanium White
- Cadmium Red
- Ultramarine Blue
- Cobalt Blue
- Cadmium Yellow Light
- Sap Green
- Viridian Green
- Cobalt Violet
- Alizarin Crimson
- Yellow Ochre
- Ivory Black

Pick two of these browns, one that is warm and one that is cool in color.

- Burnt Umber (warm)
- Burnt Sienna (warm)
- Raw Umber (cool)
- Raw Sienna (cool)

**Synthetic Brushes**
- 1 round brush #4 or 5
- ½” and a “1/4 “ FLAT brush

**Additional Supplies**
- Some kind of palette i.e., Strathmore 12” x 16” paper palette
- Something to hold your paints, i.e., a Tool Box
- Palette knife #6 and #2
- Rags or paper towels and a four cup water plastic container
- Staedtler Pencils: HB or 2B (really any brand will do)

Preferred paint brands are Liquitex Heavy Body or Golden. These two have higher pigment content, less filler (which dilute the color). Both produce a clear color and are easy to mix with other colors. Liquitex Basic is a student grade, and is okay and will work.
