MORNING SEWING CLASSES FOR ADULTS – SEWING II

Elaine Arnold

If you have your own machine and want to use it – bring it to class, along with bobbins and the operating manual.

NOTE: if you are using the MJC sewing machines we have both Singer and Brother machines – if you use the Singer machine you will need “15J” bobbins – if you use the Brother machine you will need top loading SA156 bobbin for Brother.

Bring the following to class:

Scissors
Tape measure
Seam ripper
Seam gauge
Pin cushion
Pins (preferably quilting pins)
Tailors chalk

Don’t purchase supplies until you call our office to confirm that the class will be held.

Students will purchase their choice of fabric for the second two projects in the Morning Sewing II class.
