Eligibility Requirements

The student requesting Advanced Admission must meet the criteria set forth by the California Education Code, Section 4, 48800, 48800.5, and 76001 allowing a limited number of eligible pupils to attend advanced courses at a community college. Advanced Admission may be granted for students who are highly gifted pupils (Ed Code 48800) who are at least 14 years old by the start of the semester for which they are applying. The school principal must determine that the student is capable of benefiting from advanced scholastic or vocational work.

Students can enroll in MJC credit courses that are associate degree applicable (numbered 50-399) if they have met all established special conditions set forth in the Yosemite Community College District Board Policy and Procedures. **Special part-time pupils can only enroll in the courses approved by their principal.** To enroll in more than 11 units requires approval by the school's Board of Trustees and the MJC Director of Admissions and Records. This must be done prior to enrollment at MJC.

In order to be approved for future semesters, concurrently enrolled students must be in good academic standing at MJC (**defined as having a cumulative 2.0 grade point average**). The number of W's in relationship to attempted units will also be taken into consideration.

Documentation Requirements

Special part-time students must initially submit an MJC Admissions Online Application. The completed petition for Advanced Admission and a health consent form must be submitted **each** semester.

Students who are home schooled must also include a certification letter (Private School Affidavit) from the California Department of Education along with this petition.

Students enrolled in 7th or 8th grade must submit a letter of recommendation signed by their school's principal.

Upon high school graduation each graduating senior, who enrolled in MJC classes as a high school student, must complete a MJC Admissions Online Application indicating "high school graduate" so that high school graduation information can be updated. Failure to do so will delay registration for classes.

Enrollment Fee Requirements (Residents & Non-Residents)

The college will waive the enrollment fee (for California residents established with California Law) of pupils who enroll as special part-time students. **There are no such provisions for special full-time students (11.5+ units). Therefore, special full-time students will be responsible for all enrollment fees. ALL students are still responsible to pay all other related fees** (health fee, etc.), including out-of-state tuition, in addition to the enrollment fee (if applicable). You will be notified of your status after the admissions office receives your application for admission.

Certification by Parent/Legal Guardian and Student

SPECIAL NOTE: It is expected that all special admit students enrolling in MJC courses have the maturity to function effectively on a college campus. No special arrangements for additional supervision of underage students is available. College courses are designed for adult students. In a very small number of disciplines, course content may be unusually frank in order to deal with scholarly discussion of behavioral, artistic, human, or other issues. Unlike public schools, colleges do not contact parents in advance to inform them of these issues. Parents are hereby notified that it is their responsibility to ensure that their child is able to handle the college environment, as well as the content of the course in which he/she enrolls. Although special admit students may be minors, they are entitled to all of the FERPA privacy rights of a college student (20 U.S.C. §1232g; 34 CFR Part 99). Therefore, any information regarding attendance, grades, behavior, etc., cannot be shared with the parent or legal guardian unless the student provides written authorization to the Director of Admissions and Records.

I am aware of the additional enrollment fees and the non-resident (out-of-state in accordance with CA Law) tuition fees related to my son or daughter's status. By signing below, I also certify that I have read the Special Note statement (above).
