Welcome and Introduction to Acceleration
This introductory session will provide an overview of the three high-leverage strategies that will increase completion of the transfer-level gatekeeper courses in English and math.

The Placement Spectrum
How many students does your college place directly into transfer-level English and math? See how your placement rates compare to colleges across the state and key benchmarking data.

Break
Snacks and beverages served outside the Forum building

Working with Your College’s Data
Participants will have the opportunity to review the data they collected in preparation for the institute.
