Deans,

The ACCJC’s response to our baccalaureate substantive change proposal included direction to update the college mission to include the baccalaureate program even though it’s a pilot. Here is the recommended revision from College Council today:

**College Mission with Revision:**

MJC is committed to transforming lives through programs and services informed by the latest scholarship of teaching and learning. We provide a dynamic, innovative undergraduate educational environment for the ever-changing populations and workforce needs of our regional community. We facilitate lifelong learning through the development of intellect, creativity, character, and abilities that shape students into thoughtful, culturally aware, engaged citizens.

If you have any concerns or questions, please let me know so I can represent deans’ perspectives at College Council on April 11.

Thank you,

Patrick
