Developing Pathways for Student Success and Completion

Creating an effective, well-run pathways program is daunting. Where do you start? How do you scale up and sustain it? Join colleagues from around the state for an engaging and interactive two-day symposium. Learn how PCC Pathways has increased student SUCCESS and COMPLETION and how you can use it as model for your college.

PCC Pathways Symposium
September 23-24, 2016 at Pasadena City College
PCC Pathways will serve 4,000 students in Fall 2016.

During this engaging and interactive two-day symposium, the PCC Pathways staff will discuss the challenges and triumphs they experienced on the road to creating their successful and growing program. Learn about:

- Marketing and recruitment, summer bridges, first year seminars, and wraparound support services
- Ways to develop collegial collaboration between Instruction and Student Services, effective evaluation strategies, and professional learning opportunities
- Principles of project management and practical strategies to assist in planning your own initiative
- Collaborate with your colleagues to plan a pathways program or work on the one you already have
