Introduction

The purpose of this document is to describe the structure for making decisions at Modesto Junior College. The document outlines the processes and mechanisms through which the voices of the college’s constituent groups are heard in decision making. Representatives of all campus constituencies worked in good faith to develop these guidelines.

Processes outlined in this document address ACCJC Accreditation Standard IV.A.2: “The institution establishes and implements a written policy providing for faculty, staff, administrator, and student participation in decision-making processes. The policy specifies the manner in which individuals bring forward ideas from their constituencies and work together on appropriate policy, planning, and special-purpose bodies.” (ACCJC Accreditation Standards, Revised June 2012)

This document addresses four foundational elements of decision-making at the college:

1) Good faith effort
2) Groups that develop recommendations
3) Timelines and sequences for key college decisions
4) Communication to college stakeholders

Decision-making at Modesto Junior College is guided by the college’s mission, goals, and values.

Modesto Junior College Mission Statement

MJC is committed to transforming lives through programs and services informed by the latest scholarship of teaching and learning. We provide a dynamic, innovative educational environment for the ever-changing populations and workforce needs of our regional community. We facilitate lifelong learning through the development of intellect, creativity, character, and abilities that shape students into thoughtful, culturally aware, engaged citizens.

Education is the reason our institution exists. To this end, we value innovation, professionalism, integrity, and responsible stewardship. We foster respect for and interest in the diverse individuals and histories of our community. These values are foundational to the way we shape our programs and services, make and communicate decisions, reinforce collaborative relationships within our community, and promote civic engagement.

1) Diversity/Community

Modesto Junior College embraces a culture of collaborative decision making characterized by the effective participation of a variety of individuals and groups. Decision making responsibilities vary by the type of constituency group as described in California Education Code, California Code of Regulations, Title 5 §53200, and documented in YCCD Board Policy.
Final decision making authority rests with the YCCD Board of Trustees as defined by applicable legal requirements. YCCD Board Policy 7430 describes the delegation of authority from the Board to the Chancellor to the College President. The college encourages employees and students to become knowledgeable and involved with decision-making processes. Issues, concerns and ideas for institutional improvement can be brought forward through a variety of venues including but not limited to:

- supervisors and administrative staff
- representatives to college governance councils
- representatives to college committees, workgroups, and taskforces
- college leaders of Academic Senate, Student Senate, California School Employee Association (CSEA), Leadership Team Advisory Council (LTAC), and Yosemite Faculty Association (YFA)

The decision-making structure at Modesto Junior College is comprised of college governance councils which include representatives of each constituency. College Council is the principle participatory governance body which makes recommendation to the President on college policy and procedural matters. College Council advises the President to advocate at the district level on college wide issues. College Council receives recommendations from the five supporting councils; Accreditation Council, Facilities Council, Instruction Council, Resource Allocation Council, and Student Services Council. Each council will establish committees, workgroups, and taskforces as necessary to fulfill the responsibilities of the council within the established timelines.

Each college governance council has a specified charge and membership. Minutes from the meetings of each council are posted in a central location on the Modesto Junior College web site. College wide recommendations from each committee are submitted to the College Council for discussion and recommendation to the college president for action. Recommendations from the College Council requiring formal district approval are submitted through the college president to the chancellor and the Yosemite Community College District Board of Trustees. Governance councils encourage all participants to work within the system, act cooperatively and responsibly, know and seek to follow and respect the law and regulations, and focus on meeting student needs.

Modesto Junior College governance councils provide a formally established forum for collegial dialogue inclusive of all constituencies. The councils meet regularly to determine best ways to implement policies and responsibilities. The governance council structure ensures operational efforts are aligned and that communication occurs throughout the campus community. The councils are organized in a manner that supports decision-making and continual improvement of college processes in support of student learning and institutional effectiveness.

Constituent groups include faculty, staff, students, and administration. Each council includes representatives from each constituent group who serve terms of two years. The College Council includes representatives from Yosemite Faculty Association (YFA), MJC Academic Senate, Student Senate, California School Employees Association (CSEA), and Classified Staff Advisory Council (CSAC), and administrators.
Modesto Junior College has adopted the following definitions in relation to participatory governance:

**committee**—a group established to support fulfilling the college mission, meeting college goals, and carrying out strategic initiatives by making recommendations to the college governance councils on those areas of responsibility as designated, also referred to as standing committee

**council** (college governance council)—a participatory governance group of MJC which includes representation of all constituencies that serves to make recommendations as part of the decision-making process of the college

**task force**—a micro-group of a committee charged with a study, or to complete a specific short-term task on a particular issue within the committee's charge

**workgroup**—a sub-group of a committee charged with a long-term project with college-wide impact on a subject within the committee's charge
PARTICIPATORY DECISION-MAKING AND SHARED GOVERNANCE AT MODESTO JUNIOR COLLEGE
PART I - DECISION-MAKING PROCESSES, PARTICIPATIONS, AND RESOURCES
Good Faith Effort

Participatory Decision-Making at Modesto Junior College

The Participatory Decision-Making Handbook of Modesto Junior College outlines effective participation in the governance of the college. This document is a joint effort between constituency groups, which include faculty, students, classified staff, and administration. The development of this document is an important first step to ensure that a culture of shared governance flourishes. Though the term shared governance does not appear in law and regulation, it is used to refer to processes that involve faculty, staff, and students in decision-making. It also refers to the role of the board of trustees and their designees. Though shared governance is used in many circles, for this document we will refer to shared governance as participatory decision-making.

Participatory decision-making necessitates engaging in mutually productive dialogue that is based on respect, trust, and a willingness to seek and give information in an honest fashion. This is what good faith effort means. It is grounded in honesty. It is a sincere intention to deal fairly with others.

Again, this Participatory Decision-Making document is an important first step in creating a culture of effective participation in the governance of the college. How well the college succeeds in this endeavor will ultimately depend on all of us at MJC. Creating a culture of cooperation and communication is not an easy task. But such a culture is necessary in order for effective participation in the governance of the college to take place. With the best of efforts and hard work that have been placed into this document to describe our structures for decision-making, this cannot replace the requirement for good faith efforts and the deliberate labor that is part of honesty, communicating, active listening, and sharing.

Effective participatory decision-making requires good faith effort, which requires the following:

- Fact-based decisions, in which all participants get access to the same data and reports.
- Inclusion of all stakeholders affected by the decision.
- Grounding in the good of the institution and student success.
- No hidden agendas.
- Open address of disagreement and difficult issues.
- An honest attempt to come to agreement.
- Decisions are made within the appropriate established process.
- Due process and timelines for review and recommendation are included.
Decision-Making Processes that are based on good faith communication include these elements:

- Decisions are made within the appropriate established process.
- Due process and timelines for review and recommendation are included.
- Meetings are publicized (website), public (open to all stakeholders), and easily accessible, with agendas and supporting documents available in a timely manner.
- Discussions and recommendations are visible, transparent, documented (minutes, etc.), and widely publicized with opportunity for feedback (e.g., facilitated through digital documents).

In cases of inability to reach agreement:

- Win-win solutions should be prioritized, even when such solutions were not originally advocated.
- Compromises should be fully considered.
- In cases where the President makes a decision not aligned with the recommendation of College Council, the President will promptly communicate in writing the reason a differing decision was enacted to the College Council.

Conflict Resolution

In order to work in good faith where conflict occurs, communication should be collegial, respectful, and honest. This includes open, frank discussion without fear of retaliation. It suggests discussion occur at the table with cognizant stakeholders rather than in the parking lot where only a few are present. It includes fully valuing YCCD Board Policy 7717/4217, adopted February 11, 2009.

Members of the Yosemite Community College District embrace the value of civility, which promotes mutual respect, fairness, concern for the common good, and politeness. The diversity of thought and ideas, on which an academic community thrives, is best maintained by a policy of respect and civility.
Participatory Governance Councils that Make Recommendations

The table below lists the constituent representatives of the various college governance councils that are involved in planning and recommendation making.

Representatives will be appointed by the constituency group they represent according to the processes established by that constituency.

Decision Making Guiding Principles at Modesto Junior College

Decision making at Modesto Junior College is guided by the following principles:

1. Utilize a consistent approach to data analysis
2. Access the most reliable information available
3. Produce a visual model of the process
4. Articulate clearly what the recommendation is and to whom it is being communicated
5. Provide an opportunity for all individual stake-holders to participate
6. Decide based on good of the institution and student success

The types of resources used will vary on the scope and charge of the group and what kinds of decisions are being made.

Decision making resources at Modesto Junior College

Master Plans at MJC

Decisions must align with the MJC’s master plans, of which there are several.

1. Educational Master Plan
2. Strategic Plan
3. Facilities Master Plan
4. College Technology Plan
5. Distance Education Plan
6. Yosemite Community College District Strategic Plan

Student Learning Outcomes

Each college governance council is responsible for supporting student learning outcomes and assessment as part of the ongoing, systematic process of continuous quality improvement. The councils will serve as a forum for evaluation of student learning outcomes processes to ensure that fine-tuning of organizational structures to support student learning is ongoing.
Data and Reports

Decisions must consistently utilize appropriate data to inform and clarify decisions, and all stakeholders shall have access to the most reliable and applicable data and reports to best guide recommendations. Below are examples of additional resources that add understanding and direction to MJC’s decision-making processes. Note that some data are college-level, some regional and some state-level.

1. **Program data**: Success and retention rates (traditional and distance education); awards and completion rates; enrollments rates (basic skills, career technical education (CTE), transfer);

2. **Population/demographic data**: Ethnicity, age, gender, enrollment status, unit load, assessment placement, financial aid status, economic profiles and indicators (county employment rates, market demands, poverty rates)

3. **Institutional data**: Transfer rates, licensure exam pass rates, CTE employment rates, matriculation details, basic skills report, ARCC report

Decision-Making Roles at Modesto Junior College

The YCCD Board of Trustees is the ultimate decision maker on district policies and master plans. The Board delegates to the Chancellor and College Presidents final approval of college and campus administrative procedures, operational issues, and strategic plans.

Role of College Council

The College Council forwards governance issues to and receives recommendations from the governance councils, then makes recommendation to the President on the issues.

Individuals, college governance councils, committees, constituent groups, and operational groups develop proposals and recommendations that are forwarded to College Council.

Roles of College Constituencies

Decision making at Modesto Junior College relies heavily upon the spirit and principles of good faith and collegial, participatory governance focused on improving student learning. Members of the college community have the authority and responsibility to make recommendations in matters appropriate in scope to their roles in the college governance process. The scope for each constituent group outlined below is derived from the California Education Code, California Code of Regulations, the Yosemite Community College District Board of Trustees policies and procedures, Academic Senate rules and bylaws, CSEA/CSAC contract and bylaws, the Associated Student Government constitution and bylaws, YFA contract and bylaws. The relevant sections of the California Code of Regulations are included in an appendix of this document.

Role of President

Board policies identify the YCCD Board of Trustees' specific legal and fiduciary responsibilities, as well as their relationship with the Chancellor and College President. Board Policy 7430 defines the delegation of authority through the Chancellor to the College Presidents. The president is the chief executive officer of the college in accordance with the Accrediting Commission for Community and Junior Colleges eligibility requirements: The institution has a chief executive officer appointed by the governing board whose full-time responsibility is to the institution, and who possesses the requisite authority to administer board policies.

Role of Faculty

Full- and part-time faculty members are provided with opportunities to participate in the formulation and development of college policies and processes that have or will have a
significant effect on them. Academic Senate as the legal representative of the faculty of MJC, makes recommendations to the YCCD Board of Trustees and through internal governance councils and/or directly to the college president with respect to academic and professional matters. Recommendations requiring formal district approval are submitted by the college president to the Chancellor and the Yosemite Community College District Board of Trustees. The rights of the Academic Senate are affirmed in Board Policy 4103. Further information on the roles and rights of the Academic Senate is found in the section entitled Decision-Making on Academic and Professional Issues at Modesto Junior College ratified by the Academic Senate on March 29, 2012, and in the California Code of Regulations Title 5, §53200–53206, included in an appendix of this document. Related to working conditions, full and part-time faculty members are represented by the Yosemite Faculty Association which is the collective bargaining unit.

Role of Classified Staff

Classified staff members are provided with opportunities to participate in the formulation and development of recommendations, as well as in the processes for developing recommendations that have or will have a significant effect on them. Related to district governance, classified staff members are represented by the CSEA and CSAC. The rights of CSEA and CSAC to represent classified staff along with the rights to consultation on matters that may have significant impact on staff are affirmed in the CSEA contract. Information regarding the roles and rights of classified staff can be found in California Code of Regulations Title 5, §51023.5, which is included in the appendix of this document. Related to working conditions, classified staff members are represented by CSEA.

In compliance with California Education Code 70901.2, CSEA, as the exclusive representative of all classified employees in the Yosemite Community College District; appoints all classified representatives to all College and/or District committees, task forces or any other governance groups. Classified employees have a negotiated agreement that provides classified representation on College Council, District Council, and Administrative or Classified selection committees (CSEA Chapter 420 negotiated agreement article 4.3).

All classified representatives shall serve as advocates for classified employees and as a liaison between the committee and their constituent group. They are not on a committee to serve as advocates for a particular sub-group of the larger constituency.

Role of Students

In Board Policy 5400 the Board of Trustees recognizes the Associated Students organization as the official voice for the students in district and college decision-making processes. The Modesto Junior College Student Senate is recognized as the sole representative body of the Associated Students of Modesto Junior college. Through ASMJC and the ASMJC Student Senate students participate effectively in governance processes. Through ASMJC and the Student Senate perspectives, interests and opinions of students are solicited and presented as
part of the formulation of recommendations by governance councils. Information on students’ roles and rights is found in YCCD Board Policy 5400 and the California Code of Regulations Title 5, §51023.7 included in an appendix of this document.

Role of Administrators

College administrators include the president, vice presidents, deans, associate deans, and classified administrators. The Board of Trustees defines the scope of responsibilities and delegates authority to college administrators through job descriptions and board policy. All administrators have supervisory duties related to budgets, personnel, and operational responsibilities. Administrators provide leadership and expertise in assessing, identifying, formulating, and aiding in implementing the overall direction for the college.
Decision-Making on Resource Allocation at Modesto Junior College

Resource allocation begins at the district level. The district allocates resources to each college, depending upon various formulas and the funding source. Some of these allocations are required to meet collective bargaining agreements and district strategic directions. Once the funding resources are received by the college, the Resource Allocation Council (RAC) is responsible for reviewing the college wide budget and providing input to College Council and college president. The Resource Allocation Council makes recommendations to College Council on college budget, including allocation of financial, human, and technology resources. Program Review serves as the primary vehicle for resource requests from departments, areas, and divisions. Program Review resource requests are first ranked at the Instruction Council and Student Services Council. Rankings are forwarded to the Resource Allocation Council where final funding recommendations are made and forwarded to College Council. Areas not currently undergoing program review may bring forth resource allocation requests to the Instruction Council and Student Services Council on the form provided by the office of administrative services. The form requires that resource allocation requests be tied directly to the college mission, college goals, or other strategic initiative in support of improved student learning.

Budget

The start of the assessment, program review, and resource allocation cycle begins at the team level (instructional, service, and administrative). Each team evaluates its program using outcomes assessments to identify successes and areas for improvement. In this program review each team creates a list of needed resources, including four areas: personnel, equipment, technology, and facilities. Resource requests must be linked to the college mission, college goals, or strategic initiative and articulate how the funds will improve student learning and create meaningful program improvement.

The Instruction Council and Student Services Council will review and prioritize all resource allocation requests from their respective areas. The requests are ranked using the established program review rubric which quantifies how well the justifications support the prioritized goals of the college. The review process includes feedback to the originating team on the quality of the program review and the resource allocation rank assigned to the request.

The Resource Allocation Council reviews the ranked lists from the Instruction Council and the Student Services Council and consolidates them into three ranked master lists (personnel, equipment, and technology) of items recommended for funding. The RAC uses the college mission and college goals to guide recommendations on how to most effectively allocate resources.

The final recommendation for resource allocation occurs in the College Council. This body reviews the final recommendations from the Resource Allocation Council. Final recommendations for resource allocation are made by College Council to the president.
Decision-Making on Academic and Professional Matters

Decision-making on academic and professional issues at Modesto Junior College is articulated in YCCD Board Policy 4103 and Title 5, §§53200. The YCCD Board of Trustees delineates academic and professional matters as subject to mutual agreement or as areas where the Board will rely primarily on the recommendation of the Academic Senate. Additionally, the MJC Academic Senate has adopted a statement, *Participatory Decision Making on Academic and Professional Issues at Modesto Junior College*, which states their role and affirms the Academic Senate’s commitment to consult collegially on matters identified by the Board of Trustees as subject to mutual agreement. These policies and regulations, as well as other related documents, are included in the appendix and in the document *MJC Past Practice of Participatory Decision-Making.*
Master Plans in Decision-Making

The Modesto Junior College **Educational Master Plan** and **Facilities Master Plan** are part of the college’s integrated strategic planning. The MJC Strategic Plan is in alignment and congruent with the YCCD Strategic Plan. Unit Strategic Plans and Program Reviews are consistent with the college Strategic Plan; this living document serves as a foundation to ensure institutional effectiveness and continuous quality improvement.

The MJC Strategic Plan provides the foundation and informs individual unit plans, resource allocations, and decision-making, including personnel, equipment, materials and supplies, technology, and professional development required to maintain institutional, program, and service quality and integrity. The MJC Strategic Plan guides establishment of college priorities and major initiatives. Strategic planning takes place every five years, a process that is initiated by College Council during the fall semester, one year prior to which the plan is to be updated.

The MJC Educational Master Plan provides the basis for planning the future of programs and services to be offered by the college and the facilities required to house those programs and services. The Educational Master Plan includes other campus plans. Every California Community College district is required to develop an Educational Master Plan before submitting a Facilities Master Plan to the State Chancellor’s Office. The plan should be both dynamic (to accommodate change) and inclusive (involving as many representatives of the college community as possible). In addition, the plan should be based on the mission and values of the district and the college and reflect the needs of students, both current and future.

The MJC Facilities Master Plan addresses the physical resource needs identified in the Educational Master Plan. The Facilities Master Plan is a response to the needs and requirements expressed in the Educational Master Plan. The Facilities Master Plan uses the guidelines and regulations provided by the State of California Community College Chancellor’s Office, the California Postsecondary Education Commission, and the Department of Finance. In addition, the realities of available capital and operational funding and the limitations of existing facilities are recognized in the final comprehensive plan.

The MJC Strategic Plan provides the framework for operationalizing the college mission and goals. Qualitative and quantitative data are gathered from a variety of sources including environmental scanning, advisory committees, the Accountability Reporting for the Community Colleges (ARCC), student, faculty, staff, external stakeholders and community partners surveys, and focus groups, themes identified in program reviews, and the spring annual assessment workshop. The draft plan is vetted with the constituency groups and submitted to the College Council for its deliberation.

The MJC Strategic Plan is in alignment and congruent with the YCCD Strategic Plan. Unit Strategic Plans and Program Reviews are consistent with the College Strategic Plan; this living document serves as a foundation to ensure institutional effectiveness and continuous quality improvement.
COUNCILS, PARTICIPANTS, AND RESOURCES

PART II
College Governance Councils

There are six councils at MJC. The College Council is the highest level college governance council, responsible for making recommendations to the college president. Five councils make recommendations to the College Council to support institutional effectiveness and participatory decision-making. The governance councils are Accreditation Council, Facilities Council, Instruction Council, Resource Allocation Council, and Student Services Council.

Representatives will be appointed by the constituency group they represent according to the processes established by that constituency. Any one individual may hold no more than two representative roles and will have only one vote.

Governance councils will be considered to have a quorum when more than 50% of the members are present. Decision-making may be either by consensus or by vote. In either option, members have the opportunity to submit a dissenting opinion or clarification in writing for inclusion in the minutes.
College Council (CC)

Committee Chair: College President

The primary role of the College Council is to advise the President on college policy and procedural matters. The College Council also advises the President to advocate at District level on college wide issues.

- The role of the council in the budgeting process is to review and recommend budget and planning through its established committees.
- The council will annually review existing college councils and, where appropriate, make recommendations on the charge and membership of such councils.
- The council will maintain a handbook of its charge, responsibilities, and membership which will be reviewed and updated annually.
- The council agenda, minutes and handbook will be made available on the college website.
- The council will periodically review and update the college mission statement.
- The council will maintain and update the MJC Strategic Plan at least every five years.
- The council will have primary responsibility for institutional effectiveness.
- The council serves as a forum for the discussion of the concerns of college constituent groups.
- The council will support the legal responsibilities of all constituent groups.

The College Council has a role in decision-making:

- Any member may propose an item for an agenda. Effective discussions require that appropriate documentation be sent out with the agenda or in advance.
- Decision-making is by consensus, defined as a decision that all Council members either agree with or can live with, or by simple majority vote of members present.
- All decisions are documented by the meeting minutes.
- Decisions typically require a first and second reading. A decision can be reached at first reading if a written rationale is presented and agreed upon by consensus and suspension of the rules.
- On matters subject to negotiations, the Council will not be a forum for discussion, although the need for union involvement can be recognized by the Council in discussing a matter that may need to be referred to YFA or CSEA.
• Council minutes will be posted on the web where they are available to all interested parties.

• Council member reports will be expected to be submitted in writing and may be posted on the web by direction of the Council.

Facilities Council (FC)

Charter:

The charge of the Campus Development and Facilities Advisory Committee (CDFAC) is to provide input and monitor activities and changes related to the physical plant and grounds of the college to ensure a healthy, safe, and aesthetically pleasing environment. This includes analysis and prioritization of all capital projects including remodels, new construction, and repurposing/reassignment of space. The CDFAC will make recommendations to the College Council, committee members report to their constituent groups and will ensure that decisions and information be made available to the campus community.

- Develop and monitor the facilities and maintenance plans and supporting budgets.
- Cooperate with the Director of Facilities Planning & Operations regarding all aspects of construction projects, planning, revision, and completion.
- Review and interpret research data related to facilities development and space utilization.
- Promote the use and understanding of data as a basis for facilities decision-making.
- Make recommendations and identify priorities for technology issues related to facilities development.
- Develop, implement, review and revise policies for facilities use in coordination with Central Services.
- Support the legal responsibilities of all constituency groups.

College Committees

There are four college committees at MJC:

- College Committee for Diversity and Community
- College Technology Committee
- Distance Education Advisory Committee
- Professional Development Coordinating Committee

These committees perform organizational functions that benefit the college community, and they serve as recommending bodies to the College Council, Accreditation Council, Facilities Council, Instruction Council, Resource Allocation Council, Student Services Council, and other areas of the college within their respective charges.

In some instances, workgroups (charged with a long-term project with college-wide impact) or task forces (charged with a study or completion of a specific short-term task) may be employed to focus on a particular issue within the committee’s charge.
College Committee for Diversity and Community

Mission:

Modesto Junior College will continually strive to foster an inclusive campus, reflect the local and diverse community it serves, and engage the varied needs of both employees and the broader public.

Acknowledging that diversity is a philosophical and material project that needs continuous interventions, the College Committee for Diversity and Community (CCDC) will serve as an active and advisory body of faculty, staff, students and administrators who highlight, address and engage the campus and community on matters of diversity.

As an intellectual and necessary component of this mission, MJC and the CCDC will resist defining diversity as a thing to be easily accounted for; rather, MJC and the CCDC must embrace diversity a continuous, open-ended project of questioning, engagement and social justice that has implications for all employees and the broader community.

Goals:

The College Committee for Diversity and Community (CCDC) is charged with:

• Promoting the Modesto Junior College Principles of Community.

• Ensuring that diversity is fully reflected in the Vision, Mission, and Strategic Plans of the college.

• Generating innovative ways to achieve awareness, garner knowledge and engage in courageous conversations about diversity and the lived experiences across our college and community.

• Fostering programs, events, policies and institutional strategies that engage and address the diverse realities of our faculty, staff, students and community.

• Cultivating a broad sense of diversity and its histories, challenges and forms across our college and community.

• Addressing issues of equity, representation and accessibility across our college and its community.

• Supporting an environment of diverse ideas and encouraging the exploration and exchange of innovative approaches to teaching and learning.

• Developing and providing ongoing diversity and multicultural education training for all employees.

• Infusing diversity and multiculturalism into curriculum and pedagogy.

• Recruiting and retaining a diverse campus community, recognizing and addressing the realities of under representation, changing demographics and disenfranchisement.
Meetings:
Minimum once a month during academic year and as needed, including over the summer.

Membership:
Minimum membership of:
1 Administrator
1 Faculty
1 Staff
1 Student
1 Professional Development Committee Liaison
1 Human Resources Liaison

Terms:
• Chair will serve minimum of 2 years
• Vice-Chair will serve minimum of 2 years
• Secretary will serve minimum of 2 years

MODESTO JUNIOR COLLEGE
PRINCIPLES OF COMMUNITY:

Diverse: We affirm and embrace diversity and its many forms, striving for a community of inclusiveness.

Open: We are committed to an open environment that values the free exchange of ideas, as well as intellectual discourse and inquiry. We realize this endeavor necessitates mutual respect, trust, and consideration for our differences.

Purposeful: We share a commitment to service, community engagement, and education.

Caring and Just: We promote understanding, civility, dignity, and equitable access to resources and recognition.

Unique: We celebrate the contributions and uniqueness of our community and its individual members.
College Technology Committee

The College Technology Committee has a broad focus on all campus technologies: administrative, instructional, student support, desktop, mobile computing, and other technologies.

**Charter:**
The College Technology Committee serves as a resource and makes recommendations to the college governance councils and communicates to the campus regarding the direction and evaluation of technology-related decisions campus-wide, including:
- faculty, staff and student training and support
- prioritization of technology resource allocations based on Program Review
- minimum standards for campus technology
- initiatives contributing to a campus-wide culture of innovative learning enhanced by technology

**Meetings:**
Twice monthly during academic year and as needed

**Membership:**
Administrative oversight: VP of Administrative Services
College administrators, Academic Senate and Classified Staff Advisory Council (CSAC) appointees; one representative from each campus unit; college and district individuals who work regularly with technology, Student Senate representative

**Terms:**
Academic Senate, CSAC and College Unit appointees will serve a term of two years on the CTC. Student Senate representatives will serve a one year term. Administrators with direct oversight of college technology initiatives will be permanent committee members.
Distance Education Advisory Committee (DEAC)

**Charge:**
The Distance Education Advisory Committee provides ongoing coordination of the college’s activities related to distance education policies, priorities, standards, resource allocation, planning, and implementation. The committee also provides input to the YCCD Technology Coordinating Committee, College Technology Committee, Student Services Council, and Instruction Council.

**Areas of Responsibility:**
The committee makes recommendations to college administrators, faculty and staff regarding the direction and evaluation of distance education related decisions campus wide, including:

- Development, implementation, evaluation, and ongoing refinement of DE Plan
- Analysis and communication of applicable standards and guidelines (e.g., ACCJC Distance Learning Manual, Distance Education Guidelines from the California Community Colleges Chancellor’s Office) to determine and support MJC compliance
- Conducting regular surveys to determine MJC DE practices, strengths, and gaps
- Recommending faculty, staff and student training and support
- Setting minimum standards for Distance Education delivery
- Reviewing and recommending the delivery of online student services
- Communication with the Academic Senate on topics relevant to Academic Senate purview over academic and professional issues, including curriculum, faculty professional development, educational program development, student preparation and success, relevant planning and budget development, etc.

**Meetings:**
Monthly during academic year and as needed.

**Membership:**
Administrative oversight: Dean overseeing Distance Education
The Committee will be co-chaired by the administrator overseeing DE and the Faculty Instructional Design Coordinator.
The Committee will include:

1. Two Instructional Deans
2. Four Academic Senate-appointed faculty representatives to include one from Library and one from Counseling
3. A YFA representative
4. A Curriculum Committee representative, recommended by the Curriculum committee and appointed by the Academic Senate.
5. A Student Services representative
6. Distance Ed Office Staff
7. Two CSEA-appointed classified staff representatives
8. Two Student Senate representative
9. Director of Media and IT
10. An IT representative from Central Services

Terms:

Academic Senate, CSEA and College Unit appointees will serve a term of two years on the DEAC. Student Senate representatives will serve a one year term. Staff with direct responsibility affecting DE initiatives will be permanent committee members.
Professional Development Coordinating Committee (PDCC)

**MISSION:**
The Modesto Junior College Professional Development Coordinating Committee (PDCC) supports the ongoing professional growth of all employees through collegially planned teaching and learning opportunities that promote continuing education, equity, diversity, personal and career advancement, and civic engagement in support of the institution’s Mission and Strategic Plan.

**CORE VALUES:**

- **Accountability:** PDCC commits to developing a professional development program that utilizes ongoing assessment and careful analysis of data to modify and improve program components to reach desired results. It will establish a repository of training and resource materials that are readily available to all employees.

- **Diversity and Equity:** PDCC supports a college environment of diverse ideas by collaborating with constituent and community groups to develop and provide ongoing diversity and multi-cultural training for all employees.

- **Effective Communication:** PDCC fosters collaboration and communicates with college constituencies, district departments, and other college committees to assess needs, coordinate scheduling, disseminate information, and evaluate professional development activities.

- **Excellence:** PDCC is committed to providing high-quality on-going professional development opportunities that are based on access to research and best practices. By enhancing professionalism within the campus community, the college utilizes the expertise of our own staff and faculty as teachers and trainers.

- **Innovation:** PDCC embraces change, remains flexible, and is open to taking advantage of internal and external resource opportunities as they emerge in order to foster institutional support of ongoing professional development for all employees.

- **Student Success:** A sustained investment in quality professional development for all faculty, staff and administrators provides employees with the skills to transform lives and increase student success while meeting student learning, program and institutional outcomes.

**CHARGE of the Committee:**

- Coordinate the college wide professional development processes, resources and activities, incorporating recommendations from faculty, classified and management advisories and other college constituencies.
• Ensure that appropriate professional development opportunities exist to support the identified needs of faculty, classified and management staff.

• Design and disseminate a variety of professional development resources in various delivery modalities.

• Develop external relationships and funding to support professional development initiatives and operations.

• Provide a communications network to facilitate the campus-wide exchange and dissemination of information regarding professional development needs, opportunities and events.

• Facilitate the dissemination of information about and the availability of resources to support departmental or division-sponsored professional development opportunities.

• Evaluate the effectiveness of activities and opportunities offered by the Professional Development Coordinating Committee.

• Conduct periodic needs assessments regarding professional development procedures and activities.

• Coordinate with the Academic Senate Faculty Professional Development Committee on issues relating to faculty professional development.

• Facilitate training for effective participation in decision-making for all constituents, including legal responsibilities.

**STRUCTURE of Professional Development Coordinating Committee**

**Tri-Chair**

- Academic Senate (Chairperson, AS Committee for Professional Development)
- Administrator (Representative, College Management Committee)
- Classified (Chairperson, Classified Staff Advisory Committee)

**Regular Members:**

- Academic Senate (2)
- Yosemite Faculty Association (2)
- Administrators (2)
- Classified (2)
- Title V representative (1)
- Instructional Resource Center/Technology (1)
- College Committee for Diversity and Community (1)
Members serve for a two-year term and are appointed by their constituent groups to serve on the Professional Development Coordinating Committee.

**PARTICIPATION in College Standing Committees and Councils.**
Committee for Diversity and Community

**MEETINGS:**
Meetings are scheduled monthly on the first Wednesday of the month.
Effective Practices for Council Chairs and Members

Council membership is governed by the charge of each council and the constituent groups on campus. Each council will include a representative of each constituent group in order to truly reflect participatory governance and inclusive decision-making.

We, at Modesto Junior College, value participation as a means to provide equal access to all staff, faculty, and administrators on matters that affect our institution. We believe that each participant brings different skills and gifts to the table, improving our discussion of issues which affect our students and our working environment.

Our college values all members within a committee. All members can expect;

• The right to be heard, fully without interruption or prejudice
• The right to conflict, bringing issues to the table which will better our college, our community, or our working conditions
• To cooperate with colleagues, despite political or pedagogical differences
• College governance councils exist to address issues that affect our college. Our goal is not to push forward a personal conviction, but to develop collegial relationships. We see conflict as opportunities to identify problems and seek solutions to benefit our community as a whole.

Our college governance councils should adapt to changing structures or needs within the college. New leadership in constituent groups should acknowledge the existing councils structure, proposing changes through the appropriate channels and be widely vetted to support full participation of constituent groups.

Council Members

1. Each member brings a unique perspective to the table, adding value to each council and college governance.
2. Each member should be prepared for meetings in advance;
   • Access to all materials
   • Research relevant contract, policies, governance structures which affect issues on the agenda
   • Research sister colleges, cohorts, and constituencies in order to add a broader perspective of the issue and identify possible alternatives
3. Each member values the time commitment of all members on a council. Members will use due diligence to bring key issues to the table in a timely manner where all members can be fully informed and each council can function in its most efficient and effective manner.
4. Each member acts in Good Faith—bringing areas of concern to the table, valuing conflict to problem-solve and work towards the common good.
5. Each member will locate a substitute if absent to not derail council work.

6. If strategic decisions are slated for the agenda, each member will give advance warning of absence in order to guarantee a quorum and not derail progress due to their absence.

7. If a constituent group member is absent without verification for two meetings, the constituent group will be notified and select an alternative member to represent the group.

8. Each member recognizes that attendance and participation fosters relationship-building.

9. Members represent constituent groups and should avoid personal comments that do not represent that membership.

10. Chair of the council has the responsibility to encourage courteous, constructive, and professional conduct.

11. Each member has open access to the chair of the council to voice concerns.

**Chair: The chair of each council has the following responsibilities:**

1. To move the agenda and ask for discussion to create efficient, informative meetings.

2. Maintain a focus on the college mission, college goals, and student learning in decision-making.

3. To facilitate meetings – locating areas of concern requiring resolution, seeking common ground rather than set a personal agenda.

4. To recognize that decisions and outcomes take time to develop. True collaboration always checks-in with each constituent group in order to see the possible consequences that decisions may have upon the campus community.

5. To utilize the skill set of members to benefit the whole committee and college. Members with knowledge of Education Code, Title V, constituent contracts, accreditation standards and Board policy and procedure are encouraged to add to the conversation.
VOICE AND ROLE OF THE INDIVIDUAL (How the Individual Can Get Involved)

Modesto Junior College invites your participation in its shared governance processes whether you are an employee or student.

Administrators, faculty, staff and students are encouraged to take an active role in their appropriate unit or constituency groups, college governance councils, and committees. Committees, such as initiative groups, and constituency committees, such as union representative councils, provide an excellent opportunity to make a contribution to the institution’s shared governance.

MJC’s college wide councils are comprised of members that are elected, appointed, or position based, but one does not need to be a member to participate. These college wide councils are open to everyone.

Any member of the community can attend a committee and can make his or her voice heard. An individual may contact the respective council chair. Many councils and committees allow debate following Robert’s Rules of Order. At these meetings one must wait for acknowledgment and permission from the chairperson to enter the discussion. Some councils, committees, and boards only allow discussion from voting members and invited guests during business. These meetings must provide an open comments item on the agenda, where anyone can speak. It is advisable in both cases to let the chairperson know who you are and that you would like to speak about, so that they can provide you with that opportunity. If you have an item you feel should be placed on an agenda it is appropriate to contact the chairperson(s) of that committee in advance. The chairperson will let you know whether your item will be on the agenda, or whether you will need to bring the item as an open comment.
Title 5, CCR §53200

§ 53200. Definitions.

For the purpose of this Subchapter:

(a) “Faculty” means those employees of a community college district who are employed in positions that are not designated as supervisory or management for the purposes of Article 5 (commencing with Section 3540) of Chapter 10.7 of Division 4 of Title 1 of the Government Code, and for which minimum qualifications for hire are specified by the Board of Governors.

(b) “Academic senate,” “faculty council,” and “faculty senate” means an organization formed in accordance with the provisions of this Subchapter whose primary function, as the representative of the faculty, is to make recommendations to the administration of a college and to the governing board of a district with respect to academic and professional matters. For purposes of this Subchapter, reference to the term “academic senate” also constitutes reference to “faculty council” or “faculty senate.”

(c) “Academic and professional matters” means the following policy development and implementation matters:

(1) curriculum, including establishing prerequisites and placing courses within disciplines;
(2) degree and certificate requirements;
(3) grading policies;
(4) educational program development;
(5) standards or policies regarding student preparation and success;
(6) district and college governance structures, as related to faculty roles;
(7) faculty roles and involvement in accreditation processes, including self-study and annual reports;
(8) policies for faculty professional development activities;
(9) processes for program review;
(10) processes for institutional planning and budget development; and
(11) other academic and professional matters as are mutually agreed upon between the governing board and the academic senate.

(d) “Consult collegially” means that the district governing board shall develop policies on academic and professional matters through either or both of the following methods, according to its own discretion:

(1) relying primarily upon the advice and judgment of the academic senate; or

(2) agreeing that the district governing board, or such representatives as it may designate, and the representatives of the academic senate shall have the obligation to reach mutual agreement by written resolution, regulation, or policy of the governing board effectuating such recommendations.

Subchapter 1. Minimum Conditions

§ 51023.5. Staff.

(a) The governing board of a community college district shall adopt policies and procedures that provide district and college staff the opportunity to participate effectively in district and college governance. At minimum, these policies and procedures shall include the following:

(1) Definitions or categories of positions or groups of positions other than faculty that compose the staff of the district and its college(s) that, for the purposes of this section, the governing board is required by law to recognize or chooses to recognize pursuant to legal authority. In addition, for the purposes of this section, management and non-management positions or groups of positions shall be separately defined or categorized.

(2) Participation structures and procedures for the staff positions defined or categorized.

(3) In performing the requirements of subsections (a)(1) and (2), the governing board or its designees shall consult with the representatives of existing staff councils, committees, employee organizations, and other such bodies. Where no groups or structures for participation exist that provide representation for the purposes of this section for particular groups of staff, the governing board or its designees, shall broadly inform all staff of the policies and procedures being developed, invite the participation of staff, and provide opportunities for staff to express their views.

(4) Staff shall be provided with opportunities to participate in the formulation and development of district and college policies and procedures, and in those processes for jointly developing recommendations for action by the governing board, that the governing board reasonably determines, in consultation with staff, have or will have a significant effect on staff.

(5) Except in unforeseeable, emergency situations, the governing board shall not take action on matters significantly affecting staff until it has provided staff an opportunity to participate in the formulation and development of those matters through appropriate structures and procedures as determined by the governing board in accordance with the provisions of this Section.
(6) The policies and procedures of the governing board shall ensure that the recommendations and opinions of staff are given every reasonable consideration.

(7) When a college or district task force, committee, or other governance group, is used to consult with staff regarding implementation of this section or to deal with other issues which have been determined to significantly affect staff pursuant to subdivision (a)(4), the appointment of staff representatives shall be made as follows:

(A) The exclusive representative shall appoint representatives for the respective bargaining unit employees, unless the exclusive representative and the governing board mutually agree in a memorandum of understanding to an alternative appointment process.

(B) Where a group of employees is not represented by an exclusive agent, the appointment of a representative of such employees on any task force, committee or governance group shall be made by, or in consultation with, any other councils, committees, employee organizations, or other staff groups that the governing board has officially recognized in its policies and procedures for staff participation.

(C) When the task force, committee or governance group will deal with issues outside the scope of collective bargaining, any other council, committee or staff group, other than an exclusive agent, that the governing board has officially recognized in its policies and procedures for staff participation may be allowed to designate an additional representative. These organizations shall not receive release time, rights, or representation on such task forces, committees, or other governance groups exceeding that offered to the exclusive representative of classified employees.

(D) In all cases, representatives shall be selected from the category that they represent.

(b) In developing and carrying out policies and procedures pursuant to subsection (a), the district governing board shall ensure that its actions do not dominate or interfere with the formation or administration of any employee organization, or contribute financial or other support to it, or in any way encourage employees to join any organization in preference to another. In addition, in order to comply with Government Code sections 3540, et seq., such procedures for staff participation shall not intrude on matters within the scope of representation under section 3543.2 of the Government Code. Governing boards shall not interfere with the exercise of employee rights to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. Nothing in this section shall be construed to impinge upon or detract from any negotiations or negotiated agreements between exclusive representatives and district governing boards. It is the intent of the Board of Governors to respect lawful agreements between staff and exclusive representatives as to how they will consult, collaborate, share, or delegate among themselves the responsibilities that are or may be delegated to staff pursuant to these regulations.
(c) Nothing in this section shall be construed to impinge upon the policies and procedures governing the participation rights of faculty and students pursuant to sections 53200-53204, and section 51023.7, respectively.

(d) The governing board of a community college district shall comply substantially with the provisions of this section.

2. Editorial correction of printing error in subsection (b) and HISTORY 1. (Register 91, No. 43).

3. Amendment of subsections (a)(1), (a)(3), (a)(5), (a)(7), (b), (c) and (d) filed 9-6-94; operative 10-6-94. Submitted to OAL for printing only pursuant to Education Code section 70901.5 (Register 94, No. 38).

§ 51023.7. Students.

(a) The governing board of a community college district shall adopt policies and procedures that provide students the opportunity to participate effectively in district and college governance. Among other matters, said policies and procedures shall include the following:

1) Students shall be provided an opportunity to participate in formulation and development of district and college policies and procedures that have or will have a significant effect on students. This right includes the opportunity to participate in processes for jointly developing recommendations to the governing board regarding such policies and procedures.

2) Except in unforeseeable, emergency situations, the governing board shall not take action on a matter having a significant effect on students until it has provided students with an opportunity to participate in the formulation of the policy or procedure or the joint development of recommendations regarding the action.

3) Governing board procedures shall ensure that at the district and college levels, recommendations and positions developed by students are given every reasonable consideration.

4) For the purpose of this Section, the governing board shall recognize each associated student organization or its equivalent within the district as provided by Education Code Section 76060, as the representative body of the students to offer opinions and to make recommendations to the administration of a college and to the governing board of a district with regard to district and college policies and procedures that have or will have a significant effect on students. The selection of student representatives to serve on college or district committees, task forces, or other governance groups shall be made, after consultation with designated parties, by the appropriate officially recognized associated student organization(s) within the district.

(b) For the purposes of this Section, district and college policies and procedures that have or will have a “significant effect on students” includes the following:
(1) grading policies;
(2) codes of student conduct;
(3) academic disciplinary policies;
(4) curriculum development;
(5) courses or programs which should be initiated or discontinued;
(6) processes for institutional planning and budget development;
(7) standards and policies regarding student preparation and success;
(8) student services planning and development;
(9) student fees within the authority of the district to adopt; and
(10) any other district and college policy, procedure, or related matter that the district
    governing board determines will have a significant effect on students.

(c) The governing board shall give reasonable consideration to recommendations and
    positions developed by students regarding district and college policies and procedures
    pertaining to the hiring and evaluation of faculty, administration, and staff.

(d) Nothing in this Section shall be construed to impinge upon the due process rights of
    faculty, nor to detract from any negotiations or negotiated agreements between collective
    bargaining agents and district governing boards. It is the intent of the Board of Governors to
    respect agreements between academic senates and collective bargaining agents as to how
    they will consult, collaborate, share or delegate among themselves the responsibilities that are
    or may be delegated to academic senates pursuant to the regulations on academic senates
    contained in Sections 53200-53206.

(e) The governing board of a community college district shall comply substantially with
    policies and procedures adopted in accordance with this Section.

YCCD Board Policy 4103

Academic Senates

Policy

I. The Board of Trustees recognizes the Academic Senates of Columbia College and Modesto Junior College as the bodies which represent the faculty in collegial governance related to “academic and professional” matters. Each respective senate is authorized to fix and amend by vote of the faculty the composition, structure and procedures of its senate.

II. The Senate Presidents or their designees shall be provided the opportunity to address the Board regarding its concern during regularly scheduled Board meetings. The Board of Trustees shall consider and respond to senate recommendations in an appropriate manner.

III. The Board of Trustees shall “rely primarily” upon the advice and judgment of the Academic Senates in selected areas. “Rely Primarily” means that recommendations shall be accepted in most cases. If a recommendation is not approved, the Board or its designee shall promptly communicate in writing its reason to the respective senate(s).

These areas are:

A. Curriculum, including establishing prerequisites and placing courses within disciplines
B. Degree and certificate requirements
C. Grading policies
D. Faculty role and involvement in accreditation process, including the self-study and annual reports
E. Faculty professional development

IV. The Board of Trustees shall reach “mutual agreement” between the Academic Senates and the Board on selected areas. “Mutual Agreement” means that recommendations shall be prepared by either the Academic Senates or the Board’s designee, and are subsequently ratified by both. If “mutual agreement” cannot be reached, existing policy shall remain in effect unless continuing with such policy exposes the District to legal liability or causes substantial fiscal hardship, which the Board shall promptly communicate in writing to the respective Senate(s).

These areas are:

A. Education program development
B. Student preparation and success
C. Program review
D. Institutional planning and budget development
E. District and college governance structures
F. Others as may be mutually agreed upon by the Academic Senates and the Board of Trustees

Participatory Decision Making on Academic and Professional Issues at Modesto Junior College

Participatory decision-making (what has been called “Shared Governance”) is the set of practices under which college constituencies participate in significant decisions concerning the operation of the institution. It is widely understood that broad participation in decision-making increases the level of constituent investment in the institution’s success. AB 1725 created law and regulation to assure “effective participation” of all relevant parties and to ensure that the local governing board engages in “collegial consultation” with the academic senate on matters that are academic and professional in nature. “Effective Participation” means that affected parties must be afforded opportunity to review and comment upon recommendations, proposals, etc., having given due and reasonable consideration to those comments.

In addition, the Academic Senate shall retain its primacy in what is known as the “10 + 1” issues on Academic and Professional matters. This concept is defined by legal requirements. The Yosemite Community College District (YCCD) Board of Trustees and the Modesto Junior College (MJC) Academic Senate are obligated to “consult collegially” on Academic and Professional (10 + 1) issues that come before the YCCD Board of Trustees for action (YCCD Board Policy 4103, Education Code Sections C.A.C. Title 5, Section 53200 et. Seq.). There are Academic and Professional issues on which the YCCD Board of Trustees has agreed to “rely primarily” on the recommendations of the MJC Academic Senate. The “rely primarily” areas are:

- Curriculum, including establishing prerequisites and placing courses within disciplines
- Degree and certificate requirements
- Grading policies
- Faculty role and involvement in accreditation process, including the self-study and annual reports
- Faculty professional development

“Rely Primarily” means that the Board must ordinarily accept the Senate’s recommendations except when “exceptional circumstances and compelling reasons” exist for the Board not to accept the Senate’s recommendations. In instances where a recommendation is not accepted, the reasons for the YCCD Board’s decision must be communicated to the MJC Academic Senate in writing and based on a clear and substantive rationale which puts the explanation for the decision in an accurate, appropriate, and relevant context.

There are Academic and Professional issues on which the YCCD Board of Trustees and MJC Academic Senate reach “mutually agreement”. The “mutually agree” areas are:

- Education program development
- Student preparation and success
- Program review
- Institutional planning and budget development
- District and college governance structures
- Others as may be mutually agreed upon by the Academic Senates and the Board of Trustees

APPENDIX
“Mutual Agreement” means that recommendations shall be prepared by either the MJC Academic Senate or the YCCD Board’s designee, and are subsequently ratified by both. The MJC Academic Senate and the YCCD Board’s designee will strive for consensus on those matters. If, after good faith effort, “mutual agreement” cannot be reached, existing policy shall remain in effect unless continuing with such policy exposes the District to legal liability or causes substantial fiscal hardship, which the YCCD Board shall promptly communicate in writing to the MJC Academic Senate.

On issues relating to Institutional Planning and Budget Development, any recommendation with implications for Academic and Professional matters will be submitted in a timely matter to both the Academic Senate and the YCCD Board’s designee for review. If, after good faith effort, the designee and the Senate are unable to reach consensus on planning and budget recommendations, they will make separate proposals to the Board.

Concerning Academic and Professional matters, “While in the process of consulting collegially, the academic senate shall retain the right to meet with or to appear before the governing board with respect to the views, recommendations, or proposals of the senate. In addition, after consultation with the administration of the college and/or district, the academic senate may present its views and recommendations to the governing board” [Title 5 Section 53203(c)]. The MJC Academic Senate will be given reasonable accommodation in doing so.

Adopted by MJC Academic Senate, March 29, 2012
YCCD Board of Trustees Policy 5400

Policy

The students of the District are authorized to organize student body associations. The Board hereby recognizes that those associations as the Associated Students of the District, Modesto Junior College and Columbia College.

The Associated Students organization is recognized as the official voice for the students in District and college decision-making processes. It may conduct other activities as approved by the Chancellor. The Associated Students activities shall not conflict with the authority or responsibility of the Board or its officers or employees.

The Associated Students shall conduct itself in accordance with state laws and regulations and administrative procedures established by the Chancellor.

The Associated Students shall be granted the use of District premises subject to such administrative procedures as may be established by the Chancellor. Such use shall not be construed as transferring ownership or control of the premises.
