I. Call to Order/Introduction
Al Alt called the meeting to order at 2:10pm.

II. Technology Requests for recommendation to RAC for IELM funds
Al Alt communicated to the College Technology Committee that Resource Allocation Council delegated responsibility to CTC for prioritization of Program Review technology items that will potentially be funded through IELM (Instruction Equipment & Library Materials).

CTC reviewed the technology requests and ranked them using the following:

Rank 1 – fund
Rank 2 – need additional information, once received, fund if funding is still available
Rank 3 – remove as the item did not qualify or was able to be funded using another funding source

A total of 28 technology items requested through Program Review and 3 items requested under Shared Instructional Needs (previously referred to as Institutional Needs) were reviewed and ranked. These rankings will be shared at the next Resource Allocation Council on January 13, 2017.

Next meeting: February 7, 2017 2:00pm – 4:00pm, Center for Advanced Technologies, 262
