The Resource Allocation Council is committed to clearly communicating our processes and recommendations. In the resource allocation process, we will ask the questions:

- Does it help students reach their educational goals?
- Is it reasonable?
- Is it allowable?
- Is it essential?
- Is it sustainable?

The direction of the Resource Allocation Committee is based on the following established Guiding Principles:

- We value stewardship and integrity in recognizing our fiduciary responsibilities to ensure financial stability.

- We take an institutional approach to decision-making. Resource allocation recommendations are based on the following:
  a. Alignment to the college mission and goals
  b. Scholarship of teaching and learning
  c. Value to the community
  d. Budget assumptions, projections, and scenarios

- We strategically allocate resources to strengthen learning and support services that improve student success.

- We are responsive to articulated college needs through a defined and documented process.

- We use relevant, well-defined, agreed-upon data in a consistent manner for decision-making.

- We are proactive in leveraging current resources, regardless of the fiscal climate.

- We operate under the established timelines.

- We regularly assess, refine, and communicate resource allocation processes.
