Where are CLOs stored, and are they publicly accessible for students and the community?

CLOs for each course can be found in three locations:

- **First**, CLOs are primarily housed in MJC’s curriculum management database, **CurricUNET**. Any additions, changes or assessments of CLOs take place via CurricUNET, as it is the primary source for SLOs and assessment at MJC. CLOs are also stored and assessed in **eLumen**.

- **Second**, all CLOs are **publicly accessible** for students and our community in **PiratesNet**: after each course description, corresponding CLOs are listed.

    In PiratesNet, all CLOs are publicly accessible for prospective and current students. Above is an example from ENGL 101: Basic Composition & Reading.

- **Third**, faculty must include current CLOs on all course syllabi. Syllabi are provided for students at the beginning of their class, and all current syllabi are stored in their respective divisions.
Where are PLOs stored, and are they publicly accessible for students and the community?

PLOs for each program can be found in four locations:

- **First**, PLOs are primarily housed in MJC’s curriculum management database, CurricUNET. Any additions or changes to PLOs take place via CurricUNET. PLOs are also stored and assessed in eLumen.

- **Second**, PLO statements are **publicly accessible** for students and our community through the college website, on individual department pages and on the outcomes assessment page:

  https://www.mjc.edu/instruction/outcomesassessment/outcomes.php

- **Third**, PLOs and their respective quantitative assessment data are **publicly accessible** for students and our community through the college research website and the outcomes assessment webpage above.

  **Instructional Learning Outcomes Data**

  **A.A. Degree: University Preparation, Emphasis in Geography**

  ABOUT THIS EMPHASIS

  Geography is the study of global patterns created through Earth processes and human behavior. Geographers utilize a unique holistic approach which examines relationships found within the cultural, economic, political, historical, and physical environment of specific geographical regions.

  EXPECTED STUDENT LEARNING OUTCOMES

  In addition to demonstrating the abilities listed as General Education Student Learning Outcomes, students who complete the Associate’s Degree in Geography will be able to:

  1. Describe and demonstrate the methodology and approach used in the geographical study.
  2. Describe and interpret maps and data used in geographical processes and relationships.
  3. Analyze and evaluate geographic human and physical processes, trends, and mechanisms.

  In the college catalog, all PLOs are accessible for prospective and current students. Above is an example from Geography (A.A. Degree).

**What is an Administrative Unit Outcome (AUO)?**

AUO is the acronym for Administrative Unit Outcome. At MJC, many divisions and areas interact with students, and it is just as important to measure outcomes in these activities as it is inside the classroom. Each academic division has established AUOs that are measured through surveys and performance metrics. Each division at the college is concerned with quality, continuous improvement. AUOs measure both satisfaction indicators and program/processes.

**Where are AUOs stored, and are they publicly accessible for students and the community?**
