BAIL SCHEDULE
Parking Penalties - California Vehicle Code 40203.5 ............................31
PHILOSOPHY OF PARKING ENFORCEMENT

An effective parking enforcement program must protect and fairly apportion scarce parking space for legitimate users, by ensuring that those who violate parking regulations are penalized for doing so. Penalties for non-payment of citations must be strong enough to discourage violators from failing to pay fines. For repeat offenders who fail to observe parking regulations and fail to pay outstanding parking fines, booting, towing, and impounding should be expected consequences.

For those who contest a citation, the adjudication process should be just and timely; it must contribute to the overall goal of discouraging illegal parking by enforcing parking regulations, but in a way that provides a fair and impartial hearing for all.

MISSION STATEMENT OF THE YCCD ADMINISTRATIVE ADJUDICATION PROGRAM

The mission of the YCCD Administrative Adjudication Program is to provide for the hearing and disposition of all contested cases involving violations of the California Vehicle Code (C.V.C.), the Yosemite Community College District Parking and Traffic Ordinances, and the Yosemite Community College District Administrative Code relating to the parking and impoundment of vehicles within the District’s area of jurisdiction.

The intent of the legislation authorizing administrative adjudication is to free limited criminal justice resources for more serious criminal matters and to provide a timely, convenient, simplified, and less intimidating forum for the hearing and disposition of contested parking violations. The District acknowledges that it is important that the adjudicatory process thus established be fair and convenient from the viewpoint of those contesting alleged parking violations, while at the same time being efficient, centralized, and uniform. The policies and procedures that have been, or will be established, for the operation of the Administrative Adjudication Program are designed to be efficient and fair. It is the primary goal of the Administrative Adjudication Program to provide all individuals charged with a parking violation a forum in which the facts of their case may be reviewed fairly and a disposition rendered in a timely manner.
PROCEDURE TO CONTEST A NOTICE OF PARKING VIOLATION

A. Within 21 calendar days of the issuance of the citation, or within 14 days of the mailing of the notice of parking violation, the contestant must, in person, by telephone, or by written request contest the citation, C.V.C. 40215(a). Written requests may be submitted by mail or online at www.pmbonline.org.

B. The processing agency must then investigate the contestant's allegations, or request that the issuing agency do so. The processing agency then mails the results of the investigation to the contestant. (If the contestant submitted their request online, the results will be sent to the email address provided by the contestant at the time of submission.)

C. If the contestant is not satisfied with the results of the investigation, they may, within 21 days of the mailing of the results of the investigation, deposit the full amount of the parking penalty and request an administrative review. The request must include a written explanation of the reason for contesting the citation, C.V.C. 40215(b).

   1. The contestant may elect for a review by mail, or a review by personal appearance.
      
      a. If the contestant is a minor, the contestant may appear at the review hearing or admit responsibility for a parking violation without appointment of a guardian; the processing agency may treat the minor contestant in the same manner as an adult contestant.

D. The administrative review shall be conducted before an examiner designated to conduct the review by the issuing agency's governing body or Chief Executive Officer.

   1. The administrative review shall be conducted in accordance with the written procedure established by the issuing or processing agency which shall ensure fair and impartial review of contested parking violations.

   2. The agency's final decision may be delivered personally to the contestant by the examiner or mailed to the contestant by first-class mail.

E. If the contestant is not satisfied with the results of the administrative hearing, he may, within 30 days after the mailing of the final decision, seek review in Justice or Municipal Court. The review shall be a trial de novo, C.V.C. 40230.

   1. A copy of the notice of appeal shall be served by personal service, or by first-class mail upon the processing agency.

   2. The filing fee for this review is $25.00, which shall be refunded, along with the penalty deposit, to the contestant if they are successful.
3. These reviews are subordinate judicial duties. They may be heard by traffic trial commissioners and other subordinate judicial officials.

F. If no notice of appeal is filed within in the 30 calendar-day limit, or the results of the judicial hearing are adverse to the contestant, the decision rendered shall become final and the process of collection by methods outlined in AB 408 may be initiated, C.V.C. 40230.

G. The final administrative judgment, if no appeal is taken, is filed with the court and a Notice of Entry of Judgment will be entered. If the Notice of Entry of Judgment is not contested, a Notice of Judgment will be sent and final judgment issued by the court, Code of Civil Procedure (CCP) 663 et. seq.

1. It is still technically possible before final judgment to collaterally attack the administrative judgment by filing a motion attacking the administrative proceedings as "erroneous." Such a motion must be filed within 15 days of the Notice of Entry of Judgment.

2. It is not clear whether the judicial doctrines of res judicata or collateral estoppel would apply as a defense to such proceedings.
METHODS FOR DEBT COLLECTION;
DISPOSITION OF DELINQUENT PARKING VIOLATIONS
C.V.C. 40220

40220. Except as otherwise provided in Sections 40221 and 40222, the processing agency shall proceed under only one of the following options in order to collect an unpaid parking penalty:

(a) File an itemization of unpaid parking penalties and service fees with the department for collection with the registration of the vehicle pursuant to Section 4760.

(b) If more than four hundred dollars ($400) in unpaid penalties and fees have been accrued by any person or registered owner, proof thereof may be filed with the court with the same effect as a civil judgment. Execution may be levied and other measures may be taken for the collection of the judgment as are authorized for the collection of an unpaid civil judgment entered against a defendant in an action on a debtor. The court may assess costs against a judgment debtor to be paid upon satisfaction of the judgment. The processing agency shall send a notice by first-class mail to the person or registered owner indicating that a judgment shall be entered for the unpaid penalties, fees and costs and that, after 21 calendar days from the date of the mailing of the notice, the judgment shall have the same effect as an entry of judgment against a judgment debtor. The person or registered owner shall also be notified at that time that execution may be levied against his or her assets, liens may be placed against his or her property, his or her wages may be garnisheed, and other steps may be taken to satisfy the judgment. If a judgment is rendered for the processing agency, that agency may contract with a collection agency to collect the amount of that judgment.

Notwithstanding any other provision of law, the processing agency shall pay the established first paper civil filing fee at the time an entry of civil judgment is requested.

(c) If the registration of the vehicle has not been renewed for 60 days beyond the renewal date, and the citation has not been collected by the department pursuant to section 4760, file proof of unpaid penalties and fees with the court with the same effect as a civil judgment as provided in subdivision (b).

A) A registered owner (CVC 460, 505) or person responsible for the citations shall be eligible to enroll in a payment plan when they have multiple unpaid parking citations or at least $200.

2) If additional citations are accrued during the payment plan period, the plan may not be modified to include these citations, nor will a concurrent payment plan be offered.

3) Citations in a payment plan will not count towards immobilization/tow/impound eligibility pursuant to CVC 22651(i)(1).

C) Applied late fees will not be removed, but any late fees not yet applied will be placed in abeyance while the payment plan is in place. If the individual adheres to the plan terms, these late fees will be waived once the payment plan is complete.

1) If an individual defaults on a payment plan, a subsequent payment plan will not be offered for those citations and any late fees placed in abeyance will be immediately reinstated.

D) Once the payment plan is in place and the individual adheres to its terms, an itemization of unpaid parking penalties and service fees will not be filed with the DMV (also known as a “DMV Registration Hold”) and any DMV Registration Hold in place will be temporarily removed.

1) If an individual defaults on a payment plan, the DMV Registration Hold will be reinstated, if applicable.

E) At plan enrollment, an initial payment of 10% of the amount owed, plus the enrollment fee, is required.
