

Instruction Council Motions – 4/9/13

Debbie Laffranchini moved to approve the three restoration positions as a group unranked: Math, Business Administration and Speech and that a fourth, Medical Assisting, be considered if funding becomes available after the three other positions are filled. Susan Kincade seconded. Motion passed unanimously.

Brian Sanders moved: This body recommends that if a retirement happens within the 2012-13 academic year that the division meet to prioritize the one-year temporary full-time hire of a replacement for 2013-14. Replacement positions must be looked at for assisting student achievement, FTES generation and minimized cost. Pat Wallace seconded. Passed unanimously.

Brian Sanders moved: This body would strongly urge that all councils and constituent groups meet to create the faculty hiring prioritization procedures expeditiously in order for us to advertise our full-time tenure track positions by the end of the fall semester. E. Kerr seconded. No discussion. Passed unanimously.
