

**MODESTO JUNIOR COLLEGE  
ACADEMIC SENATE  
RESOLUTION FL97-G: RATIO OF WEST CAMPUS TO EAST  
CAMPUS MEETING OF THE MJC ACADEMIC SENATE**

**PROPOSED BY:** Travis Silcox

**WHEREAS,** The Academic Senate wishes to be responsive to its members on both the West and East campuses; and

**WHEREAS,** the current meeting schedule alternates between East and West campus; and

**WHEREAS,** the majority of members of the Academic Senate come from the East Campus, causing many automobile trips when they attend West Campus meetings; and

**WHEREAS,** we are all concerned about reducing the number of automobile trips in our polluted valley, and

**WHEREAS,** having so many East Campus Senators commute monthly to West Campus is a drain on time and resources;

**THEREFORE,** be it resolved that the ratio of East Campus to West Campus meetings of the Academic Senate shall be determined by the proportion of East to West Campus Senators in a given year (or would semester be better? It's up to the Executive Committee to decide).
