CHILD DEVELOPMENT EARLY CARE & EDUCATION PROGRAM

West Campus, John Muir, Room 157, Phone: (209) 575-6343

Enrollment for ages 1½ to 5 years of age

Our unique Early Care & Education Laboratories, toddler and preschool, are instructional training sites for Child Development majors and are staffed by Faculty, the Child Development

Specialist, student interns, and student teachers. Our program offers a parenting course in addition to care and learning opportunities for children. Enrollment is open to children of staff, students and the community.

The philosophy of our child-centered program is built on the belief that -“play”- is essential to a child’s learning. There are six program policies that will guide our work: 1. Primary Care, 2. Small Groups, 3. Continuity of Care, 4. Individualized Care, 5. Cultural Continuity and 6. Inclusion of all children. An anti-bias approach is emphasized and curriculum is selected to support families in feeling included and respected. Each family brings their own culture and traditions which can be shared in our classroom! We believe that families are a child’s first and most important life-long teachers and we work to create partnerships with each family. A representative from each family is required to enroll each semester in the Community Education parenting course which is facilitated by the Child Development Specialist and/or instructor.

STUDENT REPRESENTATION FEE

The Student Representation Fee was amended in the California Education Code by Assembly Bill 2576, in late 1988. This fee is an optional \$1 cost that can be implemented to serve any California Community College campus through a student body election. In April of 1993, ASMJC held a general student body election with the Student Representation Fee on the ballot. The fee passed and eight hundred forty-five (845) students voted in the election, and 563 were in favor of the Student Representation Fee.

The Student Representation Fee is collected with all other fees at the time of registration, and is deposited in a separate fiduciary fund. Funds collected are allocated to ASMJC and used to represent student concerns in government at local, state, and federal levels. A student may decline the Student Representation Fee for religious, political, financial, or moral reasons. The decline must be stated in writing.
