For additional information, please call:
Stanislaus County Children and Families Commission at 209.558.6218 or
Stanislaus County Office of Education, Child Care Resource and Referral Program at 209.238.6400.
All children have the right to have their culture acknowledged and respected. If this does not happen, children will not feel valued. If children form positive attitudes towards differences, they are more likely to grow up appreciating diversity as a normal part of their lives.

Diversity will be discussed as a process that begins with self esteem. We will look at early childhood opportunities to teach children how to express themselves and experience respect for themselves. Opportunities to explore differences and similarities between people can help break down fear and negative stereotypes and contribute to a more just and cohesive society.

Come join us! Learn simple ways to incorporate diversity into your childcare settings and learn how to promote an appreciation of the unique individual in every child.

About Ron Mohl

Ron earned a B.A. from Florida Atlantic University and has been a professional development trainer for Lakeshore Learning Materials for more than 16 years. He is currently Lakeshore’s Lead Educational Presenter. His trainings encourage academic enrichment through play with hands-on activities. He has provided training for NAEYC, SECA, NCTM, FACCM, FHSA, FLAEYC, One Goal, FASC, FFCHAA, and Palm Beach Summer Academy. He has also conducted trainings to correlate strategies with classroom resources including Florida VPK standards, Environmental Rating Scales, California’s Desired Results Development Profile, and Denver Public Schools Science, Math & Language kits.
