

Outcomes Assessment Work Group

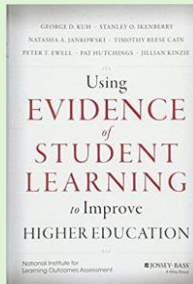

AGENDA

Friday, September 14, 2018

12:30 pm to 2:00pm

Founders Hall 236 (lab)

- 1) How's each division doing on SLO data? Discussion on reaching out.
- 2) An update on eLumen-Canvas integration
- 3) Canvas-eLumen pilot information: Nita will send out meeting dates to the group once IT finishes data upload into eLumen. The plan is to pace ourselves through the integration process and trouble shoot as we go along so that when we teach our colleagues how to grade in Canvas and send the data to eLumen, it's an easy process for everyone.

- 4) Book Reading & Discussion plan
- 5) Questions
