AGENDA
Friday, March 8, 2019
11:30am – 1:00 pm
(Galletto's Restaurant)**

- 1) Rebecca Reyes (English part-time faculty) has kindly volunteered to help me with assessments.
- 2) Canvas-eLumen integration: It's working well right now, and I'm trying it out with a few more colleagues before inviting groups to train in it (if they wish).
- 3) Reminders to divisions about the new assessment schedule: If you've spoken to your divisions about this, then awesome; if not, I can share with you what I'm doing in Lit & Lang regarding the new schedule.
- 4) The invite is out for Data Discussion. The chosen date is March 15 (Fri, 10:00 am to 11:00 am); I'm hoping all of you can attend. Rhonda and I discussed this event a bit and made some notes. I'll share these notes with you so that you can add your suggestions to it. Also, if there's a specific data report you want to see for your program(s), let me know as soon as possible so that I get them ready for you on time.
