Student of MJC Harman expressed his concern regarding the food served on campus to students. He has spoken to many faculty, staff and students on this issue and many favor the change of have a healthier option of food on campus. This would allow all students like, vegetarians, vegans and Muslims students to purchase food on campus. Harman proposes we start by providing healthier options through FLOW and shy away from fast food all together. He has spoken with a few food places about pricing and how much food could be provided for the amount we spend weekly on FLOW. Harman will be gathering more information to provide to us and a list of places that could be a possible option to students.
