Modesto High "We Are the Champions"

For the 35th annual Hispanic Education Conference (HEC), the Modesto Junior College (MJC) HEC committee created the 1st annual Champion Award. The Champion Award is awarded to the high school that has the most attendees at the conference. The odds on favorite was Patterson High School, but the Panthers of Modesto wanted everyone to hear them roar. This year Modesto High brought the most students to the conference in their school's history with a jaw dropping 330 students in attendance.

Patterson High School earns Legacy Award

Patterson High School and the Hispanic Education Conference have been one and the same for 35 years. Since the inception of the HEC, Patterson High School has been at the forefront of dedicating resources through good times and bad times to ensure their students attend the HEC each year. This year, Patterson High, by a unanimous vote of the HEC committee, earned the 2018 HEC Legacy Award for their commitment to the HEC.
